---

Eric,  
Good idea. I'll be out of the office Wed 11/26 thru Fri 11/28. The best time for me would be Tues AM. Mon PM could also work, but I'd have to move some things around.

Jim Anderson

Subject: Portland Harbor Management Team Schedule Discussion

As alluded to in my follow-up message from the MOU and Milestone Meetings, I think it would be useful if we had an internal management team meeting on the Portland Harbor schedule. I have addressed this email to folks that typically attend the management team meetings and/or do not typically attend the TCT meetings. Although it will be useful to get technical team input on the project schedule, there is also a need for some bigger picture input regarding resources and integration to name a couple. I would like to set up a meeting time sometime within the next couple weeks to discuss this further - perhaps the first part of Thanksgiving week. This meeting should take place following preliminary discussions during next week's TCT and prior to engaging the LWG management team on this topic.

Please let me know if you are interested in participating in this discussion and what days might work well for you.

Thanks, Eric
